INTRODUCTION

We believe this to be the most complete collection of Maltese coins offered for sale for many years. The collections of Sir Edwin King (Glendining, June 1944) and Dr. Vassallo (Glendining, May 1957) were lacking in some of the rarer items to be found in this collection. Of special note are the zecchini of Carafa, de Paule, Adrian Wignacourt, Perellos and Zondadari. Many of the silver coins are of the highest rarity, especially those of de la Cassiere, Gessan, Nicholas Cotoner and Carafa. Names and titles used in this catalogue are as given in Schembri and references (S) are to this work (1908 Edition).

The collection of Mr. Rosenberg contains some scarce and extremely fine items, and of special note is the gold octodrachm (Lot 243). Other coins of note in the following collection of gold coins of the world are found in the French, German and South American series.

This catalogue also contains, from Lot 396 onwards, the collection of coins formed by Mr. Wharton Sinkler of Philadelphia, U.S.A.

Mr. Sinkler has acquired a representative collection of gold coins of the world, and a good collection of the silver coins of Scotland in addition to a few English silver pieces. The sections containing the French, Danish and Scottish gold coins are particularly strong, and the collection in general includes many rare items, some of the outstanding pieces being as follows:—

Henry IV Light Coinage Noble
Edward VI or V Angel
Richard III Angel
Philip and Mary Angel
Mary Queen of Scots Ryal
Edward V Groat
Malcolm IV Penny
Saxony, 8 Ducats
Russia, Sophia Ducat and 12 Roubles in platinum
Spain, 4 Excellentes, and Amadeo 100 Pesetas 1871
Transylvania, 10 Ducat pieces, 1619 and 1639
China, Yuai Shi-Kai Dollar in gold

PRICED CATALOGUES

Coins

AFTER each sale these catalogues are issued with the prices realised printed in the margin opposite each lot, thus giving at a glance a reliable guide to values.

The final test of value must always be auction prices rather than the figures given in books of reference for changing times and fashions soon render the latter obsolete and misleading.

On the average we issue twelve Coin and Medal catalogues a year, some of which are usually of sales of important collections The **priced catalogues** are posted to subscribers as soon as ready, usually about a week after the date of sale and the subscription is . . . .
